AETFA

MEMBERSHIP FORM

The Association has had an active and continuous existence since 1975. It came into existence in early 1975 (prior to the Indonesian invasion late that year) as the *Campaign for an Independent East Timor (SA)*. With the achievement of formal independence in 2002 the association changed its name to the *Australia East Timor Friendship Association*.

The objectives of the association are:

To work for the human rights and ongoing self determination of the East Timorese people; to assist the Timorese to rebuild their country and their lives; and to promote public awareness in Australia of the history, culture and contemporary situation in East Timor.
